

CALL FOR APPLICATIONS ERASMUS+ KA171-2025 GRANTS FOR
STAFF MOBILITY FOR TEACHING AND TRAINING
FROM THIRD COUNTRIES NOT ASSOCIATED TO THE PROGRAMME

Mobilities during 2025-26, 2026-27 and 2027-28, always before 31 July 2028

The Erasmus+ Programme of the European Commission promotes the mobility of students and lecturers. Action KA171 of this program provides funding for exchange mobility with third countries not associated to the programme. The **Universitat Autònoma de Barcelona (UAB)** has been awarded with grants under the action KA171 therefore students and staff from our partner universities can fund their exchanges to our institution.

The present Call is based on the funding awarded to UAB for mobility projects with Third countries not associated to the Erasmus programme under Key Action 171 of the Erasmus+ Programme. Mobilities will be implemented during the academic years 2025-26, 2026-27 and 2027-28, always before 31 July 2028.

1. Purpose of the Call

Staff mobility is one of the key activities within the framework of the European Commission's Erasmus+ Programme in the field of Education, Youth and Sport.

The main purposes of this call are:

- To offer teaching and training opportunities to staff from partner country universities.
- To achieve sustained improvements in knowledge, teaching and research skills.
- To forge and deepen lasting links between UAB and our partner universities, thus enhancing transnational academic cooperation.
- To improve participant's language and cultural skills, promoting mutual enrichment and understanding.

2. General conditions

The call is open to all faculties and schools. However, in section 5 you can see the faculty/school priorities.

In the framework of the Erasmus+ Programme, **all mobility activities are conditional upon the signature of an interinstitutional agreement** between the sending and the receiving universities before the start of the mobility.

The mobility grant consists of an Individual support - daily subsistence allowance according to the rates determined by the Erasmus+ Programme and a Travel grant - (see section 6). The grant should be regarded as a **contribution** towards the costs of mobility rather than covering 100% of the costs involved.

Mobility and grants will be subject to the regulations and restrictions that may be issued by the authorities in relation to the health situation and the continuity of the exchange programs and/or the acceptance of the participant by the destination university.

Selected participants will need to advance their own funds when organizing their stay, such as visa, insurance, flights and accommodation, since the mobility grant will be paid. It is not recommended to make bookings in advance (flights, accommodation etc.) before knowing the call resolutions and it is highly advisable to make bookings that allow reimbursement in case of cancellation of travel.

If, for the same country of origin, there are grants from previous calls not being awarded, the grants for the projects with the closest deadline will be awarded first.
